

EARLY ORDER PROGRAM

2025 | 2026

EARLY ORDER ADVANTAGES

WE WANT TO REDUCE THE TIME IT TAKES TO FULFILL YOUR NEEDS!

Bearing in mind some of the most demanding issues we have faced such as pandemics, equipment and container shortages, strikes, weather related issues, among other, **Amjay Ropes and Twines** has developed the Early Order Program guaranteeing you receive your order in full and in time.

By sending us an Early Order, we can guarantee you:

AVAILABILITY!

You will have no concerns with limited availability; we ensure your order is fulfilled and available regardless of seasonal demand

ON TIME DELIVERY AND EARLY ACCESS!

You will have what you need when you need it by allowing Amjay Ropes and Twines to schedule and organize shipments in advance.

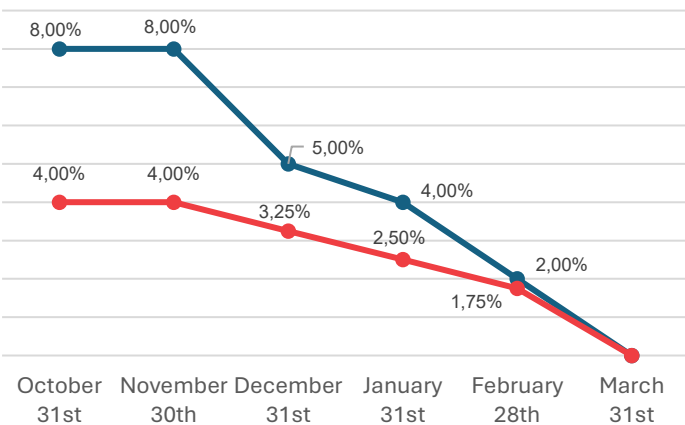

SPECIAL OFFERS AND DISCOUNTS!

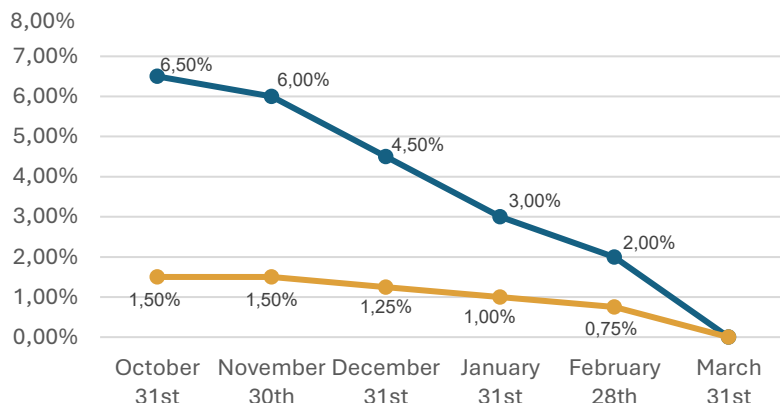

You will have access to our highest levels of discount typically available in the beginning of the season, which will also allow you to start planning financially for the coming year.

With all the good reasons for taking advantage of Early Order Programs, it is time to start planning your next season!
THE EARLIER YOU ORDER, THE MORE YOU GAIN!

TRANSPORT LOGISTICS

DIRECT CONTAINER LOAD DELIVERY

Selection is not available for full direct container deliveries:

- ⊗ Pumpjack
- ⊗ Driver Assistance
- ⊗ Lift Gate

If you want your delivery to contain these or other extras, please check with your sales representative.

TRUCKLOAD DELIVERY

This selection is possible if you need any of the extra services below:

- ✓ Pumpjack*
- ✓ Driver Assistance
- ✓ Lift Gate*
- ✓ Different Truck Configurations*

***Paid Services**, see price list and please check with your sales representative.

****For different truck configurations**, please obtain a delivery quote from your sales representative

NOTE: For net wrap, plastic twine, sisal twine and stretch film, freight is included on minimum orders of 4 pallets or more of mixed product. For all other products please contact your sales representative in order to get a freight quote.

TWINE TECHNOLOGY

ALREADY IN
THE FIELD
MORE THAN
270
MILLION
BALES

The **UNI-TECH** technology is the **BEST development EVER MADE** in the production of **high performance** range of baler twines and brings you the autonomy you need in the field.

An entirely new technology, equipment, production system and know how that allows us to produce longer, **stronger twines** giving you **much more benefits**.

BEST TWINE IN THE MARKET FOR YOUR **PROFESSIONAL BALING!**

Features of UNI-TECH Twines

Unique **KNOT** - Tight, steady and never slippery;

Unique **STRENGTH**- The most powerful knot strength in the World;

Unique **COMPACT BALES** - **UNI-Tech** twines allow you to obtain the highest density and weight in bales, with a **FIXED** and **COMPACT** size.

The bales **WILL NOT EXPAND**, maximizing the payload of containers and reducing the transport cost per ton.

SISAL BALER TWINE as a natural fiber, can play a very important role in environmental protection acting as a substitute for other synthetic products. The fiber naturally biodegrades into the soil and as such does not require removal from the field by the farmer.

ADVANTAGES

- ✓ Biodegradable
- ✓ Uniform twine thickness
- ✓ Guaranteed minimum tensile strength
- ✓ Treated to resist rotting, mold, insects and rodents

SILAGE FILM

The process of fermentation only runs properly under rejection of air and we ***have the best product for you!***

Less air, better silage!

ADVANTAGES

- ✓ Great puncture resistance
- ✓ Bale size improvement and shape consistency
- ✓ High performance silage film that delivers high feed value efficiently and profitably
- ✓ Trouble free wrapping
- ✓ 12 - month UV guarantee
- ✓ Available colors: White. On request: Green
- ✓ Available width: 20' and 30'
- ✓ Available number of layers: mono layer and/or five layers.
- ✓ Available Film Thickness: 1.0 mil. On request: in 1.2 mil or 1.5 mil

BALPAQ™ *STRETCH FILM*

ADVANTAGES

- ✓ The Blown Film technology allows for a much better performance in both longitudinal and transverse direction, very important when baling square bales with very aggressive corners in extreme conditions;
- ✓ The 7 layer - film provides an improved and even higher puncture resistance, than mono or 5 layers
- ✓ High Stretch capability;
- ✓ Minimum losses of Carbon Dioxide (CO₂) and Oxygen penetration;
- ✓ UV Stabilized for 1 year;
- ✓ Maximum Adhesion to guarantee air and water resistance between layers, so that silage fermentation can be excellent;

Balpaq sets a new standard for high quality agriculture stretch film.*

*Available upon request.

CROSS-NET WRAP

CROSS - NET
The BEST net wrap
in the world

THE PERFECT MATCH FOR YOUR ROUND BALER

ADVANTAGES

Cotesi patented cross weft technology;
If a warp or weft are severed, the net wrap will still hold
the bale;
Withstands more pressure;
Extra crop protection

Since 2020,
24 MILLION
BALES in
The field!!

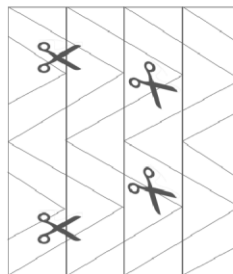

Applications:

- Hay
- Straw
- Corn Stalks

NYTRO

NYTRO NET WRAP

LONGER SIZE NET WRAP

Which means:

Less downtime in the field > More bales per day with less stops to refill.

+ % LENGTH & AUTONOMY

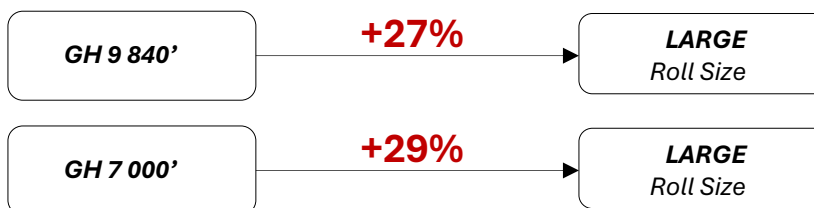

Applications:

- Silage
- Hay
- Straw

Available in:

- 48'' x 12 500'
- 51'' x 12 500'
- 64'' x 9 000'
- 67'' x 9 000'

OTHER CROP PROTECTION PRODUCTS

SHEETING

- On this white/black film, the white surface reflects light energy, and the black layer provides 100 opacity;
- The free fall folded one piece cover does not require sealing or taping, saving time and increasing your productivity;
- Strength at the folds results in reduced punctures, tears, and performance issues;

Technical upon request Information:

- Available in 5 mil, 6 mil and 8 mil thickness;
- Upon request
- Black and white;
- Guaranteed UV Stability for 12 months;
- Manufactured with the highest quality materials and subject to stringent quality controls;
- Other references available upon request.

SILAGE BAGS

A preferred storage system for silage is bagging and we offer quality products to help you be more cost effective

Technical Information:

- Available in 6,5 mil up to 9 mil thickness, upon request.

GRAIN BAGS

Storage of grains using the bagging method is cost effective and we have the quality products you need

Technical Information:

- Available in 8 mil up to 9,5 mil thickness, upon request.

OTHER CROP PROTECTION PRODUCTS

END CAPS & BAGS

Our Products offer protection for the start and end hay bales during inline wrapping maximizing your efficiency.

Technical Information:

SIZE CAPS ROLL

- 88"x72"x 4mil WHITE SILAGE CAP
- 88"x120"x 4mil WHITE SILAGE CAP

AMJAY CROP STORAGE SOLUTIONS

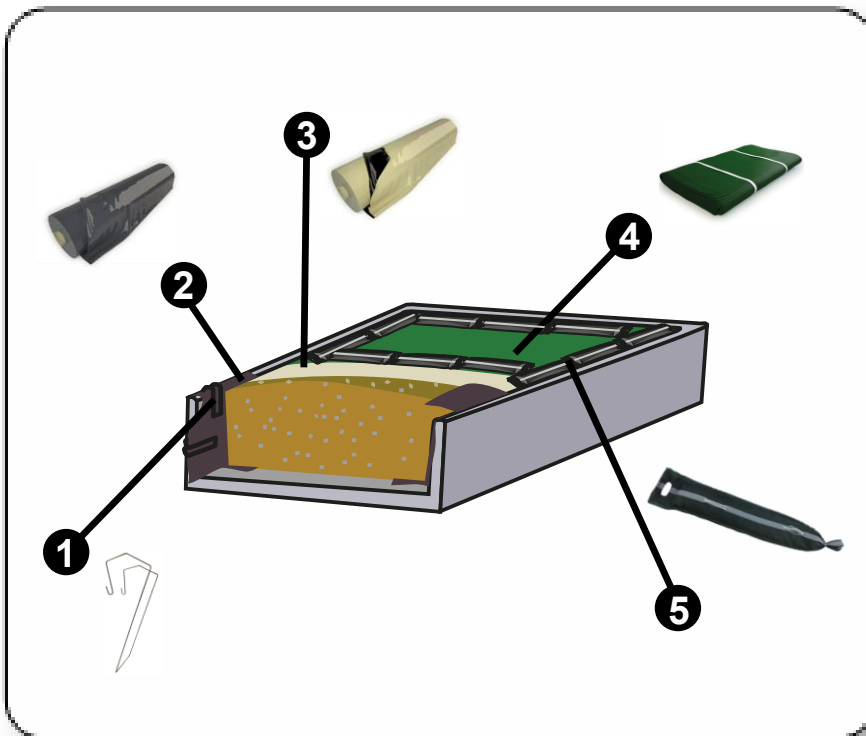

high performance, light & very strong multi-layer extruded film
incorporating the EVOH component

SILAGE COVERING SYSTEM

ADVANTAGES

- ✓ Better conservation
- ✓ With less plastic
- ✓ Less arduousness/hardship
- ✓ More environmentally friendly

Keep the nutrients inside!

1 CLIPCOVER INOX:

Clamp to hold your wall film when making the silo. Universal, multi-use, stainless. Wall from 5 cm to 25 cm

2 SILO SIDE COVER 110µm:

Protects your walls, increases the airtightness of your silos. High elongation resistance. Availability: 3x100m - 4x 85m - 4x100m.

3 SEAL+80µm:

Oxygen barrier technology silage film. Hermetic <3cm³/m²/24h. Availability: 6 to 24m wide x 50m - 100% tailor-made formula: width up to 42m (multiple of 2m); length: multiple 2m).

4 SILO SAT 200:

Reusable, flexible, resistant, non-slip and 100% opaque woven silo protection.

5 SILO BAGS:

Three handles, filling limit and integrated closing twine

EARLY BOOKING PROGRAM 2025/2026

Terms & Conditions

To assist you in your ordering process we would be happy to provide you with a recap of your previous season. To take advantage of our Early Booking Program please complete this order form and email or fax directly to your Amjay sales representative.

DELIVERY

Please advise if an early delivery date will be accepted and make sure to fill in your Ship Date Request with your order.

FREIGHT

Minimum order quantity for prepaid freight is 4 pallets of mixed product.

The pallets are always full and unbroken Orders of less than 4 pallets will have a 350 USD charge.

If you require delivery that includes flat bed truck, pallet jack, driver assist and/or lift gate, please make sure to inform us. These services are not included and will be billed accordingly. Please check with your Sales Representative.

TERMS

All orders placed on or before April 30th 2026, will receive extended payment terms of May 31st 2026. Orders placed on or after May 1st 2026 will receive net 30 days. Sisal twine will receive 90 days on orders placed before May 31st 2026 and 30 days thereafter.

DISCOUNTS

In order to take advantage of the discounts as per the schedules below please note:

- Early Payment Discounts : Payment must be received by the corresponding due date. The discount that is applicable will always be the one corresponding to the date when payment was received by Amjay Ropes and Twines Limited.
- Early Order / Early Take Discounts : The order must be received by the corresponding due date. The discount that is applicable will always be the one corresponding to the date that the order was received by Amjay Ropes and Twines Limited.

EARLY ORDER GUARANTEE

Amjay Ropes and Twines Limited will ensure timely arrival of all Early Order quantities, in our brands, booked no later than February 28th 2026.

EARLY ORDER AND EARLY TAKE DISCOUNTS

This discount is only available for Customers who place their orders before February 28th 2026 and take delivery before April 30th 2026.

EARLY PAYMENT AND EARLY TAKE DISCOUNTS

Will apply only for Customers with purchase volumes above 10 000 USD for the 2025/2026 season.

DISCLAIMER

Amjay Ropes and Twines reserves the right to change or withdraw this program at any time without notice. All orders for products are subject to availability.
